## PROJECTS

### BCA 6<sup>th</sup> Sem Project

*Online Shopping Management System*

- Making My Project I learned practically lots of things creating system designs(**DFD, ERD, GRANT CHART, CLASS DIAGRAM, USE CASE** Etc) and implementing them in my project.
- I worked on php and css and mainly and other languages I used little bit. And I also see other people projects reports to make my project better.
- In making my project I got some errors. I solved those errors.

### MCA 2<sup>th</sup> Sem Project(Mini Project)

*Bank Loan Management System*

- In my MCA 2<sup>nd</sup> Sem mini project I used same languages which I used in bca 6<sup>th</sup> sem project.
- When I started my first project I get little worried now after I do my mini project now I can do projects in a better way.
- All those projects i worked individually . and I can also work in groups.

### MCA FINAL SEM PROJECT

*POLYCLINIC MANAGEMENT SYSTEM*

- In my project customer book appointment for pathology tests and doctor consult and also they can purchase medicine.
